Description

This interactive workshop will provide information to help participants understand the transition process, be an active member of the transition team, understand the difference between services within the committee on preschool special education (CPSE) process and the committee on special education (CSE) process, and understand the purpose of an Individualized Education Program (IEP). Parents will come away from this workshop with a better understanding of what to expect as their children move on to kindergarten.

This workshop will focus on providing participants with an understanding of the evidence that supports students with disabilities being educated in a setting with non-disabled students. Information will be provided regarding the continuum of services at the school age level and how specially designed instruction and supplementary services can be provided within the settings across the continuum (i.e., related services, consultant teacher services, resource room programs, integrated co-teaching services, special classes, separate settings, etc.).

DSAF workshops are funded through a grant from Office of Persons with Developmental Disabilities (OPWDD). In order for us to maintain this funding, and continue supporting families, we need to clearly show that we are serving families who currently have TABS numbers and have Family Support Services (FSS). Thus, if you applied for and received a TAB number through OPWDD, we will be asking you for that information when you attend our grant sponsored events. Thank you for your support!
